Azure DevOps

EDUCATION

Florida International University

2021 - Current
BS in Computer Science

AWARDS

3rd Place State Farm Challenge
Won 3rd place for State Farm's coding challenge at Shell Hacks 2023.

OBJECTIVE

I am an aspiring Frontend Web Developer looking to increase my knowledge in web development both with a company and in my own time. Current undergraduate of computer science with experience working across both the front and back end of web development. Looking for a role where I can grow and learn from experienced team members while drawing on project experience I have already successfully executed.

PROJECTS

Personal Portfolio Page
March 7th, 2024 – March 11th, 2024
Completed and finalized development of my personal portfolio page showcasing my personal projects.

State Farm Finn
September 15, 2023 - September 17, 2023
Front and back-end development on my team's mobile web application for the Shell Hacks Hackathon. Integrated two APIs in a challenge for State Farm. Completed within 36 hours and resulted in an expedited interview process.

EXPERIENCE

Miami Dade County IT Department Spring Intern
May 6th, 2024 – May 24th, 2024
Collaborated as part of an Agile team in which we created an internal website dedicated to developers within MDC ITD. The website simplified and created easy access tools for the development team and remains as part of their internal network.

Break Through Tech Alumni
March 11th, 2024 – May 24th, 2024
Participated in multiple workshops to increase Web Development Skills, consisting of HTML, CSS, JS, and React.
