Git - Intermediate

EDUCATION

Florida International University

2021 - Current
BS in Computer Science

AWARDS

3rd Place State Farm Challenge
Won 3rd place for State Farm's coding challenge at Shell Hacks 2023

OBJECTIVE

I am an aspiring Frontend Web Developer looking to increase my knowledge in web development both with a company and in my own time. Current undergraduate of computer science with experience working across both the front and back end of web development. Looking for a role where I can grow and learn from experienced team members while drawing on project experience I have already successfully executed.

PROJECTS

Personal Portfolio Page
March 7th, 2024 – March 11th, 2024
Completed and finalized the development of my personal portfolio page which showcases my past projects, education, and awards as an aspiring Frontend Web Developer.

State Farm Finn
September 15, 2023 - September 17, 2023
Front and back-end development on my team's mobile web application in which we integrated two APIs in a challenge for State Farm to make insurance easier and more interesting for prospective policy holders. Completed within 36 hours as project took place at a hackathon.

EXPERIENCE

Break Through Tech Alumni
March 11th, 2024 – Current
Participating in multiple workshops throughout the week in which I am actively learning and furthering my skill in web development. Workshops consist of improving my HTML, CSS, and JavaScript skills.
